## **Player Registration**

**Benefiting BRICKS The Great Wall Appeal**

Teach a man to fish.....

Rural China has many startup charities struggling to get established. Poorly managed and underfunded they live a hand-to-mouth existence despite the real needs they address. Since 2008 BRICKS Great Wall Appeal has been dedicated to helping such organizations move past a subsistence approach. Success for BRICKS is a charity that can plan with confidence for its future and can itself fund raise to make that plan a reality. [www.greatwallappeal.org](http://www.greatwallappeal.org)
